Power Pack Series 4

Model - 12.8V 24Ah

Lithium Ferro Phosphate Battery

Overview

CWD **Power Pack Series 4** is a 24Ah battery that incorporates Lithium Ferro Phosphate technology and is proudly manufactured in the Republic of South Africa. This 24Ah battery is equivalent and a direct replacement to a 48Ah lead-acid battery.

Power Pack Series 4 is capable of charging and discharging at high speeds compared to other types of batteries.

Power Pack Series 4 is rechargeable and has several distinctive features, including:

- Better power density
- Low discharge rate
- Flat discharge curve
- Less heating
- Higher number of charge cycles
- Increased safety

Power Pack Series 4 does not heat up easily and are relatively cooler than other batteries. The chemistry of the battery saves it from thermal runaway, and hence it is considered to be safe for home use.

Power Pack Series 4 batteries are also used as replacements for costly lead-acid batteries. They are well suited for applications that require high-load currents and endurance.

Power Pack Series 4 are easy to store and carry due to their light weight and ability to provide huge amounts of energy.

Power Pack Series 4 has a Battery Management System (BMS) to protect and prolong the battery.

Benefits

- 100% Capacity Available
- Minimum 2000 Cycles
- 100% Recyclable
- 2 Year Warranty

| Description | Specification | | |
|---|-----------------|----|-----|
| Capacitiy in Ah | 24Ah | | |
| Nominal Voltage | 12.8v | | |
| Maximum Continuous Discharge Current | 40 Amps | | |
| Peak Discharge Current (30 sec) | 50 Amps | | |
| Maximum Continuous Charge Current | 14 Amps | | |
| Short circuit protection | Yes | | |
| Over Voltage Protection | Yes | | |
| Under Voltage Protection | Yes | | |
| Over Current protection | Yes | | |
| Charge Temperature | 0°C – 45°C | | |
| Discharge Temperature | -20°C − 45°C | | |
| Weight | 3.2kg | | |
| Number of Cycles (minimum) | 2000 | | |
| Expected Life | 5 Years Minimum | | |
| Warranty | 2 Years | | |
| Dimensions(mm) | L | W | Н |
| | 181 | 76 | 167 |

Power Pack Series 4 NOT affected by Load-Shedding.
